HIGHER WATER LEVELS ON OTTAWA AND MADAWASKA RIVERS
OPG MESSAGE IS SIMPLE: Stay Clear! Stay Safe!

Water levels on the Ottawa and Madawaska Rivers have increased significantly since recent heavy rains. Flows on these rivers may also be faster than people have experienced during this summer's dry periods.

As the popular Ontario Power Generation (OPG) television ad says: "Don't take chances with your life, Stay Clear, Stay Safe."

OPG's TV ads are posted at: www.opg.com/safety/nsafe/watersafe.asp

OPG provides a variety of water safety materials, including a brochure and DVD at: www.opg.com
