PICKERING UNIT 4 OFF LINE FOR MAINTENANCE OUTAGE

Pickering – Unit 4 at Pickering Nuclear has been safely shut down for a short maintenance outage.

As the unit cools down, nearby residents may observe steam releases from the station. These releases do not pose any threat to employee or public safety, and have no environmental impact.

Pickering Units 1, 6, 7 and 8 continue to operate at or near full power. Unit 5 is currently shut down for a maintenance outage.
