**HIGHER FLOW OF WATER EXPECTED BELOW THE NEW POST  
DIVERSION DAM ON THE LITTLE ABITIBI RIVER**

Timmins—Ontario Power Generation (OPG) advises that water levels will be higher than normal downstream of the New Post diversion dam on the Little Abitibi River north of Timmins.

OPG crews will be removing logs at the dam starting on Sunday May 3, 2009 to carry flow test on the Little Abitibi River.

Ontario Power Generation (OPG) is celebrating its 10th year of serving the province. Building on a proud history, OPG provides the people and industry of Ontario with clean, safe and reliable electricity - just as it's always done.
