

1. Use the top navigation menu to move quickly to specific sections of the report.

2. Click on the **Plus Button** above **Add to Custom Report** at the top of each section, to add that section of the report to your Custom Report.

Added sections can be removed by clicking on the **Minus Button** above **Remove from Custom Report** at the top of added sections.

3. Click on **Back to Top** at the end of each section to return to the top navigation menu, and repeat steps 1-3 until you have added all the sections you want in your Custom Report.

4. Mouse-over **Custom Report** on the top navigation menu to review your Custom Report selections. Report sections can be removed by clicking on the **X Button** beside each section name. Click on **Print** to view and/or print a custom PDF document. The PDF will contain the sections in the order they were added.
